**4. Evaluating Progress Toward Measurable Goals MCM 1**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

The Village will continue to post educational stormwater information on kiosks, at Baywalk Park and on the Village's stormwater compliance/environmental information webpage. The Village plans to continue its membership with the Manhasset Bay Protection Committee (MBPC) and will publicize MBPC information at Board of Trustee Meetings. The Village will provide information on the Rain Garden App developed by CLEAR on the Village's stormwater webpage. The app will educate homeowners on basic information about rain gardens and rain garden installation. The MBPC will continue their quarterly newsletter, and will continue to publish water quality reports and expand its social media presence.

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

The Village posted educational stormwater information on kiosks, at Baywalk Park, and on the Village's stormwater compliance and environmental information webpages. The Village continued its membership with the MBPC. The MBPC published water quality reports and distributed/posted educational information about stormwater topics including stormwater pollution, feeding geese, organic gardening, impacts of pet feces on water quality, water conservation, clean boating, storm drain markings, and other topics. The Village publicized MBPC information at the Board of Trustee meetings. The Village posted the Rain Garden App on the stormwater page to educate homeowners on basic information about rain gardens and rain garden installation.

**C. How many times was this observation measured or evaluated in this reporting period?**

			1
--	--	--	---

(ex.: samples/participants/events)

**D. Has your MS4 made progress toward this Measurable Goal during this reporting period?**

Yes  No

**E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?**

Yes  No

**F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).**

The Village will upgrade kiosks to enhance the displays of educational stormwater information. The Village will continue to post educational stormwater information at Baywalk Park and on the Village's stormwater compliance/environmental information webpage. The Village plans to continue its membership with the MBPC and will publicize MBPC information at Board of Trustee Meetings. The MBPC will: continue to publish water quality reports; continue work on the Water Quality Improvement plan, including outreach to the community; continue their quarterly newsletter and maintain a landing page to view past newsletters; continue and expand their social media presence and volunteer opportunities; and enhance their presence in the community by attending more community events. The Village will continue to include the Rain Garden App on the stormwater webpage to educate homeowners on rain garden installation. The Village will appoint a new communications commissioner and marketing specialist who will disseminate more educational information to the public. The Village plans to distribute newsletters that will include educational stormwater information.

**7. Evaluating Progress Toward Measurable Goals MCM 2**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

The Village plans to continue its membership with the MBPC and participate in MBPC programs. The Village will provide information on the Rain Garden App on the Village's stormwater page so homeowners can participate in installing rain gardens on residential property.

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

The Village maintained its membership with the MBPC. Residents were given the opportunity to participate in a selection of events and programs through the MBPC including virtual committee meetings and two cleanup events. The Village posted the MS4 Annual Report on the Village's stormwater webpage where the opportunity for public review and comment was provided. The Village posted CLEAR's Rain Garden App on the stormwater compliance page to educate homeowners on basic information about rain gardens and rain garden installation. Two cleanup stations were installed at Bay Walk Park, which display information about local wildlife and provide gloves, bags, and bag ties for residents to collect trash and help clean the water clean.

The Village will investigate, eliminate and document reported potential IDDE discharges in accordance with procedure. The Village plans to participate in IDDE training.

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

100% of the Village's outfalls were inspected for dry weather discharges within the 2019-2020 reporting period. No illicit discharges were detected during routine field inspections during this reporting period. The Village's building inspector participated in an annual training related to MCM 3.

**C. How many times was this observation measured or evaluated in this reporting period?**

			1
--	--	--	---

*(ex.: samples/participants/events)*

**D. Has your MS4 made progress toward this measurable goal during this reporting period?**

Yes  No

**E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?**

Yes  No

**F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).**

The Village will investigate, eliminate and document reported potential IDDE discharges in accordance with procedure. The Village plans to participate in IDDE training.

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

The Village will continue to refer redevelopment/ development plans with disturbance of greater than or equal to one acre to their consultant for review to assure that a Storm Water Pollution Prevention Plan (SWPPP) is in place in accordance with the NYS General Permit for Stormwater Discharges from Construction Activities. The Village will continue to monitor active SWPPP construction sites.

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

The Village reviewed one construction project requiring a SWPPP within the reporting period. The project was active and was inspected on a weekly basis within the reporting period.

**C. How many times was this observation measured or evaluated in this reporting period?**

**6. Evaluating Progress Toward Measurable Goals MCM 5**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

The Village will continue to implement and enforce a program that provides equivalent protection to the NYS SPDES General Permit for Stormwater Discharges from Post-Construction Activities for current and future redevelopment/ development projects.

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

One project resulting in greater than one acre of land disturbance occurred within the reporting period; the Village implemented and enforced a program that provides equivalent protection to the NYS SPDES General Permit for Stormwater Discharges from Post-Construction Activities for this project. The Village inspected and maintained green infrastructure practices on Village property including a rain garden and permeable pavers. The Village's building inspector participated in an annual training related to MCM 5.

**1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.**

**7. Evaluating Progress Toward Measurable Goals MCM 6**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

The Village will continue its current good housekeeping programs such as but not limited to: parking lot and street sweepings, removal of materials from structures, repair of structures when needed, prohibition of the use of fertilizers and pesticides on public property, and providing pet waste bags at public places. The Village will make efforts towards updating its SWMP with respect to current good housekeeping practices. The Village plans to continue its roadway resurfacing; drainage, curb and sidewalk improvement; and tree replacement project throughout the Village in the next reporting period. As a long-term goal, the Village plans to replace its vehicle and replace it with a hybrid SUV.

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

The street sweeper swept 88 miles during the reporting period. The Village removed debris from 4 catch basins. The Village continued to prohibit the use of fertilizers and pesticides on public property. The Village utilized a permitted salt storage facility that incorporates BMPs for pollution prevention. Pet waste bags were made available on Village property. The Village made efforts towards preparing an update to their SWMP. The Village continued a roadway resurfacing, drainage, curb and sidewalk improvement project, in addition to a tree replacement project throughout the Village. The Beautification Committee coordinated the removal and disposal of boat and dock debris from Manhasset Bay. The Village's building inspector participated in an annual training related to MCM 6.

**E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?**

Yes  No

**F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).**

The Village will continue its current good housekeeping programs such as but not limited to: sweepings, removal of materials from structures, repair of structures when needed, prohibition of the use of fertilizers and pesticides on public property, and providing pet waste bags at public places. The Village will continue to make efforts towards updating its SWMP with respect to current good housekeeping practices. The Village plans to continue its roadway resurfacing, drainage, curb and sidewalk improvement project. The Village will continue its tree replacement project throughout the Village. The Village will consider utilizing a formal self-assessment checklist. As long-term goals, the Village plans to replace its vehicle with a hybrid SUV, and build a new Village Hall that will house its vehicles and incorporate green infrastructure/educational signage.
