November 2026 Newsletter

Dear Neighbors,

As we welcome November and the season of gratitude, I want to take a moment to reflect on the wonderful community we are fortunate to call home. The Village of Port Washington North continues to thrive because of the care, involvement, and dedication of our residents, local businesses, volunteers, and community leaders.

This month, as we celebrate Thanksgiving, I am especially grateful for the strong sense of community that makes our Village such a special place to live. Whether it's neighbors looking out for one another, families enjoying our parks, or residents participating in Village initiatives, these everyday acts of kindness remind us of the importance of connection and community.

As the colder months approach, our Village remains focused on maintaining and improving our shared spaces, preparing for winter weather, and ensuring our community continues to be a safe, welcoming, and beautiful place for all. I encourage residents to stay informed through our Village communications and participate in the many initiatives that help shape our future.

Thank you for being an essential part of what makes Port Washington North such a wonderful community.

Warm regards,
Mayor Robert Weitzner

Construction Update

The Village of Port Washington North is pleased to announce that the Nassau County road construction project along North Shore Road has been completed, and the associated lane closure has been removed.

However, residents should be aware that a new lane closure is in place due to the Baxter Estates Shoreline Restoration Project, which is expected to continue over the next several months. Motorists are encouraged to exercise caution when traveling through the area, follow posted traffic signs, and allow extra travel time as needed.

We appreciate our residents' patience and understanding as these important infrastructure and shoreline improvement projects move forward.
